SUMMARY

An enthusiastic and highly motivated computer science and engineering graduate passionate about solving complex problems and developing innovative solutions. I possess strong analytical and technical skills, a keen eye for detail, and a track record of delivering high-quality results in a team-based environment. Through my education and experience, I have gained expertise in various programming languages and software development tools, as well as in system design and testing. I am eager to leverage my skills and knowledge to contribute to a dynamic and challenging work environment.

EDUCATION

DEGREE: B.Sc. In Computer Science and Engineering

Institution: Independent University, Bangladesh
